Multan, Punjab, Pakistan

## PROFESSIONAL SUMMARY

---

3rd-year Computer Science undergraduate with hands-on experience building frontend web applications (vanilla JavaScript, HTML5, CSS3) with persistent client-side storage. Currently developing backend and database skills (MongoDB, Express, React, Node.js) to move from static frontend projects toward full-stack development. Strong foundation in data structures, OOP, and database systems from coursework.

## TECHNICAL SKILLS

---

**Languages:** C/C++, Python, Java, JavaScript, HTML/CSS

**Concepts:** Object-Oriented Programming, Data Structures, System Analysis, Software Engineering

**Databases:** MySQL

**Tools:** Git, GitHub

**Currently Learning:** MERN Stack (MongoDB, Express.js, React, Node.js)

## EXPERIENCE

---

### Software Engineer Intern (Incoming)

Walee Technologies

*Technology - QTP Department, Reporting to Hafiz Ateeb*

*July 2026 – Sept 2026 (Onsite, Lahore)*

- Selected for a 2-month Software Engineer internship after evaluation, joining the Technology QTP team

## PROJECTS

---

### Smart Expense Tracker

- Built a responsive finance dashboard using vanilla JavaScript, HTML5, and CSS3 with a glassmorphism UI and dark/light theme support, using localStorage for persistent state
- Implemented full CRUD for transactions with real-time filtering by category and month, priority labeling, and bulk delete with confirmation dialogs
- Integrated Chart.js for interactive visualizations: doughnut charts for expense distribution and bar charts for income/expense trends
- Designed a category-based budgeting system with 10 predefined categories and color-coded progress bars
- Added CSV export for offline backup and analysis of transaction data

### Library Management System

- Built a role-based authentication system for admin, librarian, and student login
- Implemented full CRUD for managing books, students, and librarians
- Developed borrow/return transaction handling with automatic fine calculation (\$5/day overdue)
- Built a dashboard showing real-time stats: total, available, and borrowed books, overdue counts, and total fines
- Used localStorage for data persistence with pre-loaded sample data; responsive glassmorphism UI

## EDUCATION

---

**BS Computer Science, COMSATS University Islamabad, Sahiwal Campus**

Expected July 2028
